Guatemalan Coffee Sales

For twenty years the Juan Ana Coffee program, operated by the San Lucas Mission has provided sustainable living for more that 650 coffee farming families by paying fair, consistent wages for their coffee, regardless of fluctuating market values. In turn, these farmers provide the project with some of the highest quality coffee in the world. Your participation also benefits the seller as they raise money for a Trinity sponsored trip. For each $12 bag, $7 goes toward the Mission and $5 goes toward the seller.
